Eleven to Ten in Favor of Carlisle.

On last Thursday the juvenile baseball team of this city, contested for diamond honors with the lads of Carlisle. Although our boys were defeated, they speak in glorious terms of the fine treatment accorded them by the boys of Carlisle. The Mt. Tipton, left field; Ernest Robinson, center field.

The Carlisle team will give our boys a chance to redeem their lost honors in this city some time in the near future.

FITZPATRICK

Growing Tired of the Oriental Climate.

Continual Marching and Fighting.

Interesting Letter.

Nipa Barracks, Malata, Manila P. I., April 21, 1899.

DEAR MOTHER:—As we have just returned from a campaign of eleven days, and expect to move in an hour or so to Malolos, a distance of thirty-three miles, will drop you a line in haste.

We have fought over all this ground before, but the insurgents have come back and cut off our communication and supplies from Malolos and Gen. Wheaton, and we have to fight perhaps the same as before. I trust they will "take a tumble" and leave the Americans alone, for this fighting and marching is a terrible thing—nothing more than butchering. I have seen about all I care to and would be satisfied if hostilities would cease.

The way Uncle Sam is sending troops over here leads me to believe that a big fight is ahead with other nations.

At present I am in the best of health, and do hope and trust that you are the same. Did you receive the letters written while on the train and one in Frisco? Have had no answers whatever. Also, did you receive a bundle of clothes sent C. O. D. express from Ft. Crook? I sent you a money order for \$25, did you receive that?

It is quite warm here, most too warm for comfort. (By the way, was there a watch in the bundle of clothes?)

Write me often and give me all the news from home. Tell Uncle Taylor, John and Sam and brother Taylor to write how things are getting along. You don't know how anxiously I watch the mails for a letter from you. It would be so gladly received.

We have not been paid for two months, and as we are going out for a twenty-day campaign, don't know when we will be paid.

With best regards to all and deepest love to you, I am as ever, Your loving son,

ARTHUR.

P. S.—Order just came in to "move at once." Goodbye.

PEN PICTURE

Of General Henderson By Col.

Breckinridge.

HE IS A ONE-LEGGED MAN.

Col. W. C. P. Breckinridge, who served in Congress with Gen. Henderson, who has just succeeded in securing enough pledges to insure his nomination for Speaker of the House by the Republican caucus, has the following interesting sketch of the Iowa in the Lexington Herald:

Gen. Henderson is nearly sixty years of age. He was born in Scotland of plain and thrifty people, belonging to an old and typical Scotch family. Mr. Henderson is the son of one of the largest, most conspicuous and influential family connections in America; the clan of the Sheridans, Hoars, Ewatts and others of equal character and influence.

Gen. Henderson was a soldier during the war between the States; he enlisted when a youth; lost his leg when a Lieutenant, and re-entered the army as a Colonel. He has been elected, perhaps, eight times to the House. He has been one of the most frequent and popular orators of the House. He has a remarkable voice, a striking delivery, and "a fatal facility of speech," he is the slave of his own rhetoric, and does not always mean what he says and often does not say what he means. He is the cavalry of the Republican party in the House; he charges with the unlimited abandon of "a plunger during a spell of weather when the thermometer is 20 below zero." He was for years the boss "rebel shrieker" of the House and waved the bloody shirt and sent the rebels to Hades with more fervor and abundant rhetoric than any other representative; and could put everybody by the ears quicker than any one. He was worse than Job's war horse; and if one did not know him he would be deceived into believing that Henderson was an earnest and really meant what he was saying. But in truth he was the kindest hearted, most generous tempered and kindly disposed Republican; no Confederate ever appealed to him in vain; he was ready always to do a favor for a Democrat or Confederate; and in his private intercourse was a sweet, generous, amiable and most attractive gentleman. He is a man of intellect, of large experience in legislative affairs, a good lawyer and a ready debater. He is honest, incorruptible and just. As his personal friend we doubt the wisdom of his accepting this position, he is peculiarly fitted for success upon the floor, and may lack certain qualities which a Speaker needs.

Gen. Henderson has not been the follower of the President, but he is a strict party man, believes in adhering to party discipline and following the flag; and he will do what his party desires rather than insist upon his own plans.

Shooting.

On Tuesday night last some miscreant fired off a pistol three times near the home of Mr. Ed. Settles, on College Street. One bullet went unobscuredly close to Mr. Settles.

This thing of people shooting promiscuously on our streets should be stopped, for some time some one will be seriously hurt.

Drowned.

Rev. B. F. Zimmerman, pastor of Christ's Church at Beattyville, was drowned while in bathing on last Tuesday afternoon.

Litigation Over 25 Cents.

The answer of the Southern Railway Company to Gen. Castelman's suit for a trunk left in the Louisville depot, sets up the claim that the defendant is holding the property not as a common carrier, but as a warehouseman. The controversy is over the right of the railroad to charge storage on a trunk. Gen. Castelman refused to pay an exaction of twenty-five cents on a trunk that was left over night. He preferred costly litigation to a tame submission to what he considers an imposition. There is personal feeling in the matter, he and the road being at odds.

The Eagle, King of All Birds.

Is noted for its keen sight, clear and distinct vision. So are those persons who use Sutherland's Eagle Eye Drops for weak eyes, sore eyes of any kind or granulated lids. Sold by all dealers at 25 cents.

The Kisser is Doomed.

It seems that this is to be a cold, hard year on the kissers, both male and female. Not only are the scientists still pushing their campaign against occlusion as a spreader of disease germs, but a national navy here has been banished to Hong Kong and a Louisville girl to the House of Reform for publicly following a fashion that was probably initiated in private by Adam and Eve. But the authorities should make haste slowly in this matter, bearing in mind Burke's warning that "innovation is not necessarily reform."—Louisville Times.

Tom Reed Will Not Remain in Congress.

A member of the law firm of Simpson, Thacher & Bannum, of New York, said that the published story that Speaker Reed would remain a member of Congress, although giving up the Speakership, seemed to him ridiculous, although he had not seen Mr. Reed for some time. Mr. Thacher said that it was his expectation that Speaker Reed would resign from Congress and become a member of their firm.

Sampson Wants the Navy Larger.

Rear Admiral Sampson has written a letter to the New York Independent on "The United States Navy," in which he says that our navy should be twice its present size. He favors more ships of the armored cruiser class rather than slow battleships. The army, he thinks, is large enough, as but one Power—Great Britain—could hope to attack us successfully on land.

Weak Eyes Are Made Strong.

Dim vision made clear, eyes removed and granulated lids or sore eyes of any kind speedily and effectually cured by the use of Sutherland's Eagle Eye Salve. It's put up in tubes, and sold on a guarantee by all good druggists.

Easy Conscience.

Uncle Mark Hanna remarks that now that the Ohio Republican convention has been pulled off according to his rules, he "can leave the country with an easy conscience." And the further he goes the easier the country's conscience will become.

A Fatal Mistake.

George Harp, of Fayette county, who was visiting his son-in-law in Madison county, fixed a toddy before breakfast and, by mistake, got hold of a bottle of carbolic acid instead of whisky. He drank it and died a few minutes later in great agony.

After an existence of but a few weeks the banana trust has gone to pieces and the price of bananas has dropped 30 per cent. in a few days.

SUMMER COON

Writes A Few Lines For the Advocate.

Is Widely Known as "Blue Ribbon Taker."

MR. EDITOR OF THE ADVOCATE:

I wish to make myself better known throughout the olden corner state and as I find your sheet has a much larger circulation than any other dry land informer of the happenings and doings, which is in line in our later generation, therefore I feel like a man of my influence and brains should be political and religiously known from Gulf to Gulf or in other words from A to Z, which takes in the hole land as far as civilization has bin extended to the present date. I am widely known as a blue ribbon taker all over the country, in which I have traveled thro'.

I wish to interlude myself on other important and valuable lines concerning humanity. I am at present speculating in government bonds and making barrels of money, still that don't place me in reach of all the summer business concerning the pillbox and mattie lee islands, where the Lyon roasts and the summer coon morneth. I would like to call on you sum time later and enquire you in the gobeel club if you are not already one of its members. I will drop in sum time and investigate the mater and if things ain't gobeel I will thro' the proper light on the subject which will settle all differences hereafter. It may be that my spelling is a little too scattering for the apprehension of your combu-stibility, nevertheless if you could see me throw my lead weight against a pot of boiling home hash after a three day journey in a land slide, you would soon form sum idea about the cost of collecting stepstone and howards mill with a lightning bag railway. No more at present; go slow and say nothing.

Deafness Cannot Be Cured.

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

A Narrow Escape.

While the little boys of Capt. J. H. Stephenson were out driving on last Tuesday evening the horse stumbled and fell to his knees, the backing strap broke and the buggy running upon the horse frightened him and he at once began running and kicking. The dashboard was demolished otherwise the buggy was not badly damaged. Fortunately the little boys escaped unhurt.

S. S. S. GOES TO THE BOTTOM.

Promptly Reaches the Seat of all Blood Diseases and Cures the Worst Cases.

In every test made S. S. S. easily demonstrates its superiority over other blood remedies. It matters not how obstinate the case, nor what other treatment or remedies have failed. S. S. S. always promptly reaches and cures any disease where the blood is in any way involved. Everyone who has had experience with blood diseases knows that there are no all-around cures. Very few remedies claim to be such. S. S. S. is not merely a tonic—it is a cure. It goes down to the very seat of all blood diseases, and gets at the foundation of the worst case, and routs the poison from the system. It does only to break forth again more violently than ever. S. S. S. forces out every trace of taint, and aids the system of its removal.

Mr. T. W. Lee, Montgomery, Ala., writes: "Some years ago I was inoculated with poison by a nurse who infected my babe with blood taint. I was covered with sores and ulcers from head to foot, and in my great extremity I prayed for relief. Several prominent physicians treated me, but all to no purpose. The mercury and potash which they gave me seemed to add fuel to the awful flame which was devouring me. I was advised by friends who had seen wonderful cures made by it, to try Swift's Specific. I improved from the start, as the medicine seemed to go direct to the cause of the trouble and force the poison out. Twenty bottles cured me completely." Swift's Specific.

S. S. S. FOR THE BLOOD

—is the only remedy that is guaranteed purely vegetable, and contains no mercury, potash, arsenic, or any other mineral or chemical. It never fails to cure Cancer, Eczema, Scrofula, Rheumatism, Contagious Blood Poison, Tetters, Boils, Carbuncles, Sores, etc. Valuable books mailed free by Swift Specific Company, Atlanta, Ga.

VAGABONDS OR AN OLD MAID.

No man should ever be allowed upon this earth to marry, unless he has the nerve to ask Some anxious maid to marry.

The man who lives for himself alone isn't much to live for. Fools throw kisses, but wise men deliver them in person.

Marriages would be more successful if men and women were failures. Marriage will often sober a man who is intoxicated with love.

Marriage is like any other disease; while there is life there is hope. In matrimonial affairs the divorce is sometimes the wisest part.

Some people find it easier to get married than to stay so. Old maid life cuts because they are almost as treacherous as men.

Men prefer a tailor-made suit, but they are satisfied with a ready-made girl. Widows often succeed in leading bachelors to the altar. They have been there more and know the way.

The "blind tiger" seems to be taking a back seat of late. A few weeks ago he was rampant, but law and order have been striving for the ascendancy until Mr. Tiger is hardly known to exist at all. W. H. TAYLOR, Asst. Genl. Pass. Agt.

Fair Play.

In the Circuit Court at Morehead Rev. Thomas Cooper was fined \$20 for disturbing public worship. Rev. Cooper interrupted another minister who did not preach the gospel according to his notions.

When a boy turns his bulging pocket inside out we marvel at the quantity and variety of articles he has stored away. Odd lengths of string, marbles, a horse-chestnut, a top, brass nails, hickory nuts, an apple and many more articles are garnered by this "snapper up of unconsecrated trifles." We think the collection must be hard on the boy's pockets. And it is. But do we ever think of the variety and miscellany of the substances we put into the pocket of our stomach? There's the apple and the nuts, and things besides quite as indigestible as brass nails and with no more food value than so many marbles. And yet we wonder that the stomach "gives out." When the stomach breaks down under the strain of careless eating and irregular meals it can be perfectly and permanently restored to health and strength by the use of Doctor Pierce's Golden Medical Discovery. The action of this medicine on the stomach and other organs of digestion and nutrition is so marked, that relief from disease is at once experienced, and the headaches, liver "troubles," kidney disorders, skin eruptions and other symptoms of a diseased stomach are quickly cured. Whenever the use of a laxative medicine is indicated, use Dr. Pierce's Pleasant Pellets. They act in harmony with the "Discovery" and assist its action by purging the bowels of food accumulations.

Improve Your Opportunity.

This is written for the benefit of the restlessness boy who can and will not, and for the one who would but feels that he cannot.

If you can get an education, take it. If it is given to you without cost, jump at the opportunity.

If you haven't the money, but see that you can fight your way through, go in and win. Undergo any hardship, any embarrassment, any humiliation, any discouragement, and though the reward may be long delayed, when it does come you will have won a trophy worthy of the battle.

You may succeed without an education. You may pile up dollars and accumulate houses and lands, but your less wealthy neighbor who has a mind well stored will have springs of joy of which you know just enough to make the yearning after them painful.—Ex.

Were Taken to the Shacks.

Twenty-one prisoners in the county jail at Lexington were taken to the shacks that have been erected near the post house. This is in accordance with the plan adopted by the County Board of Health and Fiscal Court for stamping out the smallpox that has been intermittently breaking out in the jail.

The number to be taken included all those sentenced to the penitentiary, except "Squire McNamara and Ben Herndon."

Historical Society in Frankfort.

The annual meeting of the State Historical Society was held at Frankfort on Wednesday, Gov. Bradley presiding. The meeting was opened with prayer by the Rev. J. McCuskey Blayney. The feature of the meeting was the reading of the historic literature papers. Isaac T. Woodson, of Louisville, read an original poem, and Miss Nell, of Winchester, read a poem. A large attendance of State officials and prominent citizens were present.

In Clay you have a union of the same elements that produced the great Geo. Wilkes, but in a concentrated form, combining the blood of Green Mountain Maid, dam of nine in 2:30 list, and Maid of Clay, dam of four in the list. Maid of Clay takes very high mark as a producer of good stock, and her first foal (at yearling) she has four out of five in the list.

R. S. Strider, who paid Gov. Leland Stanford \$15,000 for Clay, says that he never saw anything by Clay with a split, curb, spine or any kind of a growthy substance.

RAILROAD MEETING

Held at the Court House on Last Friday Evening.

Several Speeches Setting Forth

the Importance of Securing Other Roads.

According to appointment, there was a meeting of forty citizens at the Court House on last Friday evening, the object of which was to take such steps as would result in our city securing other railway facilities. N. H. Trimble called the meeting to order. A. Hoffman was selected as chairman and B. W. Trimble secretary.

The chairman gave a review of some of the past railroad history as pertained to this city, the lines which we had misused, and the roads now being built and projected in sections of country tributary to our county, and urged the importance of our city securing other lines if we are to retain our trade and increase our present volume.

The chief speaker was H. Clay McKee. He also reviewed Mt. Sterling's lost opportunities for railroad connection and urged that immediate action be taken by town people and farmers to secure other lines. He showed some of the great savings on freight which would be ours; that the rate on tobacco alone would be \$1 per hoghead less than at present; that coal would be much cheaper, and that our city would, like other railroad towns, have a steady growth. He read a letter from M. E. Ingalls, in which he said that there is no prospect for the extension of the Kentucky & South Atlantic.

The speaker showed that trade had been turned from our city by the L. & E. railroad, and that the road from

Idol Wilkes (sire of J. H. L. 2:08 1/2, Robert Wilkes 2:09 1/2, and four others), by Geo. Wilkes 2:22 (the greatest trotting sire, by the records, having over two thousand descendants in the list).

Triton 557 (sire of McDowell 2:25, also full brother to Trinit 2:4), by Princeps (sire of 17 in list, grand-sire of 50), first dam by Hambleton 10.

Darby 441 (sire of Lady Thron 2:25, and R. P. C. 2:23 1/2), by the greatest of brood mare sires, Mambrino Patchen 58.

Royal George 83, record 2:35 1/2, (sired Lady Byron 2:25), by black Warrior.

AARON ALLEN'S blood lines are good and strong, uniting the blood of Geo. Wilkes and Mambrino Patchen, called the "golden cross." He has fine natural action, has never been on a track, but has trotted a dirt lane a measured quarter, to road cart, in 40 seconds. His colts are large, handsome, stylish horses, some of

them having shown speed, and all are good sellers. I do not claim that he will get fine lookers from all little scrubby mares, but I do say that I have seen some such from mares of this description.

Knowing that we needed a large, handsome, stylish, well-bred trotting stallion here, so that the foals, if they did not tread would make good sellers, I hunted Kentucky over and found just such a horse.

Fifteen hundred (\$500) dollars has been refused for him, and he will stand at the exceedingly low price of

MARRIAGES.

FINLEY-SCHIEGEL.

At the Methodist church, in this city, on Thursday evening, June 8, 1899, at 8:30, Rev. J. W. McGarvey, of Lexington, united in marriage, Rev. A. P. Finley, formerly of Alabama, and Miss Elizabeth Love Schiegel, daughter of A. Schiegel. The church was tastefully decorated in white and green, palms being used profusely, with myrtle. To the sweet strains of music from the organ presided over by Miss Grace Howell, the wedding party approached the altar in the following order: R. M. Barnes, Jr., and Miss Margaret Jones; W. T. Bryant and Miss Emma Weedon; Rev. Elbert Dawson and Miss Nannie Berkley; George Schiegel and Miss Minnie McCormick; then approached from the study of the church the groom with Thos. R. Wilson, meeting at the altar, the bride with her Maid of Honor, Miss Edna Schiegel, of Richmond, who, like the attendants, came down the aisle. The bride carried white roses, the Maid of Honor, pink. The ceremony was impressive, but simple, and was listened to by a throng of friends who crowded to its utmost capacity the building.

The ennobling qualities of the bride, reared in our city, are well-known. The groom has a large circle of acquaintances and friends, as he has been pastor of the Somerset Christian church, in this county, during his course at college. He had previously graduated from the College of the Bible and on the morning of his marriage had graduated from the College of Arts at Kentucky University. He is now pastor of the Christian church at Burgin, Ky.

The happy couple left on the 9:30 train for a short visit to Virginia resorts, after which they will return to Burgin, their future home. Our best wishes for useful and happy lives attend them.

Our Mt. Sterling girls have special charms for preachers, as Miss Schiegel is the third to marry a preacher in seven weeks, and still there are more to follow.

BOLTON-DEAN.

On the evening of June 7th at 8 o'clock in the Baptist church, a beautiful wedding ceremony was performed, when Miss Margaret Dean, of this city, and Rev. W. D. Bolton, of St. Louis, Mo., were united in the holy bonds of matrimony. To the strains of Mendelssohn rendered in stately rhythm by Mrs. R. Q. Drake, there assembled the happy couple with their attendants, Misses Sallie Braton, of this city, and Mae Sanders, of Sharpburg; Messrs. R. C. Lloyd, Frank Chennault and John Judy, of this city, and J. M. Turley, of Louisville. Banks of flowers in pink and white, fresh and pure, fitly adorned this hymeneal altar, where Rev. W. J. Bolin, pastor of the Baptist church of this city, in stately phrase and accent sweet made this couple one.

After the ceremony Mrs. R. C. Lloyd, sister of the bride, gave a reception to the bridal party and a few friends. On June 8th Mr. and Mrs. Bolton left for a short visit to friends in Louisville, after which they will leave for their home in St. Louis.

The bride is one of the most charming and intelligent women of our county, well-known in both social and religious circles, where she shines as a star of brilliant luster. She is eminently fitted to adorn any sphere, but especially is she suited for the helpmate of the man of her choice, Rev. W. D. Bolton, one of the most prominent young ministers of the State, who has recently been called to the pastorate of the Carondelet Baptist church at St. Louis, Mo. Both have many warm friends here who extend their most earnest wishes toward the future happiness of Mr. and Mrs. Bolton in their future home.

The honorary degree of LL. D. was recommended for Governor William O. Bradley, Dr. Virgil Gibney, of New York, and Gov. Benson A. Miller, of Tennessee, and same were conferred on Commencement Day on Thursday.
